Dear Mr. Callihan

On 12/13/2021 the annual physical and programmatic accessibility review was completed in accordance with Nebraska Department of Labor Policy: One-stop Delivery System Assessment and One-stop Center Certification, Change 2.

During the walk thru, it was noted that the "Equal Opportunity is the Law" poster was not displayed prominently in the Nebraska Department of Labor wing of the American Job Center. Additionally, an outdated poster was found in the breakroom of the Title 1B wing of the American Job Center. These two items need to be corrected.

Physical accessibility continues to be a challenge. It was found that the required adjustments noted in PY18 GLWDA Equal Opportunity and Nondiscrimination Review had been completed. Thank you for your efforts.

Sincerely,

A handwritten signature in blue ink, appearing to read "Lin Quenzer".
